

Brief Biography

Dr Bu Yeap (MBBS, FRACP, PhD) is Professor, School of Medicine, University of Western Australia and consultant endocrinologist, Department of Endocrinology and Diabetes, Fiona Stanley Hospital, Perth, WA. He has longstanding interests in the area of hormones and health outcomes during male ageing, particularly the interactions between hormones, bone metabolism, diabetes and cardiovascular disease, and the clinical care of patients with endocrine disorders and diabetes. He has published extensively on the epidemiological associations of low testosterone with poorer health outcomes in older men, and in 2016 was first author on a national Position Statement regarding the management of male hypogonadism. He has more than 150 publications with >2,500 citations.
